## Axiom Decanter Brewer

- Adjusts automatically to varying water pressure
- Automatic warmer shut-off
- For high lime areas, BrewLOGIC technology calculates flow rate and adjusts brew time to maintain consistent pot levels
- Electronic diagnostics and built-in tank drain make service easier
- Large 200oz (59L) tank provides back-to-back brewing capacity
- Ensure coffee quality with programming for brew level, cold brew lockout and tank temperature, set easily from the front of the machine
- Coffee extraction controlled with programmable pre-infusion, pulse brew and digital temperature precision
- Energy-saver mode reduces tank temperature during idle periods
- Hot water faucet
- SplashGard funnel deflects hot liquids away from the hand

# Slush Machine

## Ultra-2

- Two large 3gal (11.4L) hoppers for optimum cooling and serving capacity
- Enhanced "no-lube" design on faucets and seals which simplifies installation and cleaning
- Refrigeration system internally monitored to ensure long lasting performance
- Reversing auger design quickens freeze time and reduces air mixing
- Very simple to program and run with touchpad display, which also guides cleaning and preventive maintenance
