

C10 CHILLER

FEATURES:

- A compact integral cooler utilising minimum footprint space
- Constructed for strength and rigidity using various colour finishes
- Designed for accessibility of components for ease of service / maintenance
- Voltage options available

Gulf ICE Systems, Inc.

891311101	C-10 Chiller (w/o tap)	115v / 60Hz / 7 amps
-----------	------------------------	----------------------

- ◆ Designed to continuously operate in temperatures up to 43°C (109°F)
- ◆ 14 litres (3.70 gal) water bath
- ◆ 7.5cc, R134a compressor
- ◆ Produces 7kg (15.43 lbs) of ice bank weight (nominal)
- ◆ Product coil is stainless steel
- ◆ Air cooled condenser
- ◆ Ice bank control
- ◆ Refrigerant type: R134a

Weight dry: 57.32 lbs
Weight packed: 68.34 lbs
